

### **Veterans Day; Ring for Peace**

What we now call Veterans Day was once known as Armistice Day. It began 100 years ago, on November 11, 1918 to honor Veterans for their service, call for peace, and give a moment for prayer. This was marked throughout England by the ringing of church bells for two minutes. In the tradition of honoring those who have served their country, we ask that all churches take part in this movement to breathe new life into this once great tradition.

On November 11, 2018 at 11:00a.m. please join together and Ring for Peace for two minutes to honor and remember all those Veterans who have served our country.
